

TERMS AND CONDITIONS OF PURCHASE – UNITED STATES

Last revised and effective as of August 14, 2023

These Terms apply when referenced by Buyer's purchase order or other documentation.

1. Offer; Acceptance; Exclusive Terms; Identity of Buyer. Each purchase order or purchase order revision or amendment issued by Buyer ("Order") is an offer to the seller identified on the Order (the "Seller") for the purchase of goods and/or services (collectively, "Supplies") and includes and is governed by these Terms and Conditions of Purchase ("Terms"). When accepted, the Order supersedes all prior agreements, purchase orders, quotations, proposals and other communications regarding the Supplies covered by the Order, except that a prior agreement signed by an authorized representative of Buyer, such as an award letter, Approved Supplier Agreement, Statement of Work, Non-Disclosure Agreement, or Standard, Program, Guide, or Directive described in Section 11 below (but not prior purchase orders for the same parts and vehicle program) will continue to apply. Seller accepts the Order, including these Terms, and forms a contract by doing any of the following: (a) commencing any work under the Order; (b) accepting the Order in writing; or (c) any other conduct that recognizes the existence of a contract with respect to the subject matter of the Order. **The Order is limited to and conditional upon Seller's acceptance of these Terms exclusively.** Neither course of performance, course of dealing, or usage of trade may be used to vary the Terms of the Order. The Order does not constitute an acceptance of any offer or proposal made by Seller. Any reference in the Order to any offer or proposal made by Seller is solely to incorporate the description or specifications of Supplies in the prior proposal, but only to the extent that the description or specifications do not conflict with the description and specifications in the Order. Any additional or different terms proposed by Seller, whether in Seller's quotation, acknowledgement, invoice or otherwise, are unacceptable to Buyer, are expressly rejected by Buyer, are not part of the Order, and shall not operate as a rejection of this Order if Seller accepts Buyer's offer by commencement of work, shipment of the Supplies, or by other means acceptable to Buyer, in which case this Order shall be deemed accepted by Seller without any additional or different terms or variations whatsoever. Any modification of these Terms must be expressly stated in the Order. Each Order can be modified only under Section 40. The Terms are available at <http://www.adient.com/terms>. In the event of any ambiguities or express conflicts, a mutually-signed agreement will take precedence over a Statement of Work, the Statement of Work will take precedence over the Order, and the Order shall take precedence over these Terms. These Terms apply to all Orders, including those with Seller that Buyer's Customer has directed, recommended, requested, suggested or otherwise identified to Buyer as a source of the Supplies. "Buyer" is the subsidiary, affiliate or joint venture (or the affiliate of an Adient plc joint venture) of Adient plc identified in the Order; if no such entity is identified, the Buyer is Adient US LLC. "Customer" is the third-party purchaser of Buyer's products, which incorporate Supplies purchased from Seller under the Order. The terms "Customer" and "Customer Purchase Order" also include, where applicable, the final original equipment manufacturer of goods or services into which the Supplies are or will be incorporated, as well as any intermediate entities in the supply chain between Buyer's direct Customer and such final original equipment manufacturer, and related terms and conditions of such Customers by Buyer from a Customer, or directly or indirectly applicable to Buyer, pursuant to which Buyer agrees to supply to Customer, or to incorporate into goods supplied to Customer, Supplies purchased by Buyer from Seller. Seller confirms and acknowledges that Adient plc and its subsidiaries perform purchasing functions on behalf of Buyer solely as agent for Buyer, and further acknowledges and agrees that Seller's sole recourse under the Order shall be against Buyer, and not Adient plc or its subsidiaries. Adient plc and its subsidiaries that perform purchasing services on behalf of Buyer will have no liability or obligation under such Orders.

2. Time Period of Order. (a) If the Supplies are utilized by Buyer for the production of automotive parts or systems, subject to Buyer's termination rights, the agreement formed by the Order is binding on the

parties for the length of the applicable Original Equipment Manufacturer (“OEM”) vehicle program production life (including model extensions and refreshes as determined by the applicable OEM customer), and both Buyer and Seller acknowledge the risk of the vehicle program production life being cancelled or extended by the OEM.

(b) If the Supplies are not utilized by Buyer for the production of automotive parts or systems, the agreement formed by the Order will be binding for one year from the date the Order is transmitted to Seller. In such case, if the Supplies are not utilized by Buyer for the production of automotive parts or systems and subject to Buyer’s termination rights, the Order will automatically renew for successive one-year periods after the initial term unless Seller provides written notice at least 180 days prior to the end of the current term of its desire that the Order not be renewed. Notwithstanding the foregoing, if an expiration date is stated in the Order, the term of the Order will continue until that date. Unless specifically waived in writing by an authorized representative of Buyer, Seller’s obligations with respect to service and replacement parts will survive the termination or expiration of the Order as set forth below.

3. Quantity; Material Releases; Delivery. (a) Quantities listed in each Order as estimated are Buyer’s best estimate of the quantities of Supplies it might purchase from Seller for the contract term specified in the Order. Any estimates or forecasts of production volumes or program durations, whether from Buyer or Customers, are subject to change from time to time, with or without notice to Seller, and shall not be binding upon Buyer. Unless otherwise expressly stated in the Order, Buyer makes no representation, warranty, guaranty or commitment of any kind or nature, whether express or implied, to Seller in respect of Buyer’s quantitative requirements for the Supplies or the term of supply of the Supplies. (b) Unless otherwise expressly stated in the Order, if no other quantity is stated on the face of the Order or if the quantity is blank or states the quantity as zero, “blanket,” “see release,” “as scheduled,” “as directed,” “subject to Buyer’s production releases” or similar terms (including in languages other than English), then such language create a requirements contract and Seller will supply all of Buyer’s requirements for Supplies in such quantities as identified by Buyer as firm orders in material authorization releases, manifests, broadcasts or similar releases (“Material Releases”) that Buyer transmits to Seller during the term of the Order, and Seller will supply all such Supplies on such dates and times, at the price and on the other terms specified in the Order and Material Releases. If the Order covers services, Buyer is required to purchase such services to the extent expressly stated in a Statement of Work signed by Buyer. If “price” is stated as 1.000 on an Order covering installment performance of a fixed total quantity, then the quantity is 1 and the number shown under “quantity” is the price. Buyer may require Seller to participate in electronic data interchange or a similar inventory management program, at Seller’s expense, for notification of Material Releases, shipping confirmation and other information. Material Releases are part of the Order, are governed by these Terms and are not independent contracts. Seller accepts the risk associated with lead times of various raw materials and/or components if they are beyond those provided in Material Releases. (c) Time and quantities are of the essence under the Order. Seller agrees to 100% on-time delivery of the quantities and at the times specified by Buyer, as stated in the Order and related Material Releases. Buyer may change the rate of scheduled shipments or direct temporary suspension of scheduled shipments, neither of which entitles Seller to modify the price for Supplies. Buyer is not obligated to accept early deliveries, late deliveries, partial deliveries or excess deliveries. Unless otherwise agreed in writing by Buyer title and risk of loss relating to the Supplies passes to Buyer only upon delivery to and acceptance by Buyer at Buyer’s designated facility where the Supplies are to be used. (d) To assure the timely delivery of Supplies, Seller will, upon written request from Buyer, manufacture Supplies in excess of Buyer’s current Orders to serve as a reserve for shipment, at such inventory reserve level as may be set by Buyer from time to time, to meet Buyer’s requirements and to meet any unforeseen delays due to any reason whatsoever. Until such reserve Supplies are purchased by Buyer from Seller, they shall remain the property of Seller, and shall be held by Seller at its sole risk and expense.

4. Invoicing and Pricing; Freight. (a) Except as expressly stated on the Order, the price of Supplies stated on the Order is complete and includes storage, handling, packaging and all other expenses and charges of Seller, and no surcharges, premiums or other additional charges of any type shall be added without Buyer’s express written consent. Incoterms 2020 will apply to all shipments except those entirely within the USA. Except as otherwise stated in the Order, Supplies will be shipped FCA (loaded) at Seller’s final production location, using Buyer’s transportation. Prices are not subject to increase, unless specifically stated in the Order, and Seller assumes the risk of any event or cause affecting prices, including without limitation, foreign

exchange rates, increases in raw material or component costs for any reason, inflation, changes to tariffs (scope or rates), increases in labor and other production and supply costs, and any other event which impacts the price or availability of materials or supplies. (b) All invoices for the Supplies must reference the Order number, amendment or release number, Buyer's part number, Seller's part number where applicable, quantity of pieces in the shipment, number of cartons or containers in the shipment, bill of lading number, currency and other information required by Buyer. No invoice may reference any term separate from or different than these Terms or the terms that appear on the face of the Order. Any such separate or different term contained in an invoice is rejected. Payment of any invoice shall not be deemed an acceptance of such separate or additional terms. Buyer reserves the right to return all invoices or related documents submitted incorrectly or incompletely. (c) Buyer will pay correct and complete invoices complying with all of the terms of the Order, subject to adjustments, set-offs, discrepancies and other unresolved issues. (d) The total price includes all duties, tariffs, and taxes except for any governmentally imposed value added tax (VAT) imposed by a non-USA jurisdiction, which must be shown separately on Seller's invoice for each shipment. Buyer is not responsible for any business activity taxes, payroll taxes or taxes on Seller's income or assets. Seller will pay all premium freight costs over normal freight costs if Seller needs to use an expedited shipping method to meet agreed delivery dates due to its own acts or omissions. Seller will pay any costs incurred by Buyer, including costs charged by Customer(s) to Buyer, as a result of Seller's failure to comply with shipping or delivery requirements. (e) Seller represents and warrants that the prices are, and will remain, no less favorable to Buyer than any price which Seller presently, or in the future, offers to any other customer for the same or substantially similar goods and/or services for substantially similar quantities. If Seller offers a lower price for the same or substantially similar goods and/or services to any other customer during the term of the Order, then Seller will immediately offer Buyer the same price as offered to Seller's other customer. (f) Seller represents and warrants to Buyer that Seller will fully disclose to Buyer, and give Buyer the full and sole benefit of (unless otherwise agreed in writing by an authorized representative of Buyer), any and all discounts, refunds, rebates, incentives, credits, allowances or other financial or related incentives or payments of any kind to be provided or agreed to be provided by Seller (or any affiliate thereof) to any Customer (or any affiliate of such Customer) and relating in any way to, and/or based on or determined, in whole or in part, with reference to Buyer's purchases of Supplies from Seller under the Order.

5. Packaging; Marking; Shipping; Disclosure; Special Warnings or Instructions. (a) Seller will: (i) properly pack, mark, and ship Supplies according to the requirements of Buyer, the involved carriers and the country of destination; (ii) route the shipments according to Buyer's instructions; (iii) label or tag each package according to Buyer's instructions; (iv) provide papers with each shipment showing the Order number, amendment or release number, Buyer's part number, Seller's part number (where applicable), number of pieces in the shipment, number of containers in the shipment, Seller's name and number, and the bill of lading number; and (v) promptly forward the original bill of lading or other shipment receipt for each shipment according to Buyer's instructions and carrier requirements. (b) Seller will promptly provide Buyer with the following information in the form requested by Buyer: (i) a list of all ingredients and materials in the Supplies; (ii) the amount of all ingredients; and (iii) information concerning any changes in or additions to the ingredients. Before and at the time Supplies are shipped, Seller will give Buyer sufficient warning in writing (including appropriate labels on all Supplies, containers, and packing, including without limitation disposal and recycling instructions, material safety data sheets and certificates of analysis) of any hazardous or restricted material that is an ingredient or part of the Supplies, together with any special handling instructions that are needed to advise carriers, Buyer, and their employees how to take appropriate measures while handling, transporting, processing, using or disposing of the Supplies, containers, and packing. Seller agrees to comply with all national, state, provincial, and local laws and regulations pertaining to product content and warning labels, including without limitation the U.S. Toxic Substances Control Act and European Union Directive 2000/53/EC. (c) Seller will reimburse Buyer for any liabilities, expenses and costs incurred as a result of improper packing, marking, routing, or shipping or any other noncompliance with the requirements of this Section. In no event will shipping documents attached to or contained in the shipment display pricing information or any of Buyer's proprietary information. If Buyer provides no packing requirements, Seller will pack the Supplies in accordance with the applicable Automotive Industry Action Group packing requirement.

5.1 Disclosure; Special Warnings or Instructions. Seller will responsibly source raw materials, components, and services. Seller will provide Buyer with the following information, with respect to such

Supplies, in a form that would satisfy the requirements of the Sustainability Directives, as defined below, or as otherwise requested by Buyer: (i) a list of all elements, minerals, compounds, and other ingredients that comprise the Supplies ("Required Minerals") and are the subject of, or addressed by, the Sustainability Directives, defined below, or as otherwise requested by Buyer; (ii) the manufacturing location of Supplies; (iii) the amount and, as applicable, the percentage of each Required Mineral in the Supplies; and (iv) in addition and pursuant to Section 11, information concerning any changes in or additions to Required Minerals in the Supplies. Seller will provide the aforementioned information to Buyer as expeditiously as possible prior to the shipment of these Supplies by Seller, but in any event, in sufficient time to afford Buyer reasonable time to a) determine Buyer's disclosure requirements and b) reject any Supplies, cancel any Order, or pursue all other remedies, including, but not limited to, legal and equitable remedies, in the event Seller either fails to meet applicable Sustainability Directives or Buyer's disclosure requirements as provided in Sections 5.1 and 5.2. Additionally, before and at the time Supplies are shipped, Seller will give Buyer sufficient warning in writing (including all required labels on all Supplies, containers, and packing, including without limitation disposal and recycling instructions, material safety data sheets and certificates of analysis) of any hazardous or restricted material that is an ingredient or part of the Supplies. Seller agrees to comply with (1) all of Buyer's published policies on sustainability as they exist from time to time as well as (2) all current, and subsequently enacted, national, state, provincial, and local laws and regulations applicable to Buyer, Customers, Seller, or any combination of (1) and (2), pertaining to content, deforestation, carbon dioxide emissions, origin, and all other data of Supplies and warning labels ("Sustainability Directives"), including without limitation the European Union Regulation on Deforestation and Forest Degradation Prevention, the European Union Carbon Adjustment Regulation Mechanism, the US, UK, and European Union carbon dioxide emission regulations, the European Union Directive 2022/2464 regarding Corporate Sustainability Reporting, the U.S. Toxic Substances Control Act and European Union Directive 2002/96/EC and 2002/95/EC regarding restrictions of certain hazardous substances, Dodd-Frank Act regarding conflict minerals and European Union Regulation 1907/2007/EC regarding Registration, Evaluation, Authorization and Restriction of Chemicals. Link to Registration, Evaluation, and Authorization of Chemicals (REACH) Regulation: http://ec.europa.eu/environment/chemicals/reach/reach_intro.htm. Link to RoHS Directive: http://ec.europa.eu/environment/waste/weee/index_en.htm. Seller will reimburse Buyer for any expenses incurred as a result of improper or incomplete disclosure, packing, marking, routing, or shipping of Supplies.

5.2 Sustainability. In addition to complying with all applicable Sustainability Directives, with respect to Supplies, Seller will (i) completely, accurately, and timely respond to Buyer's surveys, questionnaires, and requests for information related to the Sustainability Directives and Required Minerals; and (ii) fully and timely cooperate with Buyer in Buyer's efforts to collect information throughout Seller's supply chain on the origin (including determination of a recycled or scrapped source, location of the mine, smelter, and initial entry into the supply chain) and use of Required Minerals in the Supplies. Upon reasonable notice to Seller, either Buyer or its direct or indirect Customers may conduct audits at Seller's facilities for the purposes of sustainability verification and verifying compliance with the requirements of Section 5.1.

5.3 In the event Seller fails to fully and timely comply with Sections 5.1, 5.2, or both, in addition to all other remedies available to Buyer under these Terms, the Uniform Commercial Code ("UCC"), or otherwise, Buyer may, in its sole and absolute discretion, with respect to any Supplies, revoke the acceptance, reject, abandon, return or hold such Supplies at Seller's expense and risk ("Refused Product") and Buyer may cancel in whole or in part, i) any Order, ii) award letter, iii) any other agreement, iv) any other obligation Buyer may have to purchase any or all Supplies from Seller, or v) any combination of (i), (ii), (iii), and (iv) (collectively "Canceled Products"). Additionally, Buyer has the right to source replacements for any Refused Products, Canceled Products, or any combination thereof and Seller will reimburse Buyer for any difference in cost of such replacements plus all associated expenses, including charges for expediting and quality validation, and losses arising out of or related to adverse effects on Buyer's business as a result of the need to pursue such alternative sourcing.

6. Customs; Related Matters. Credits or benefits resulting from the Order, including trade credits, export credits or the refund of duties, taxes, or fees, belong to Buyer. Seller will provide all information and

certificates (including Free Trade Agreement Certificates of Origin) necessary to permit Buyer (or, if applicable, Customers) to receive these benefits or credits. Seller will fulfill any customs or Trade Preference-related obligations, origin marking or labeling requirements, and local content origin requirements. Export licenses or authorizations necessary for the export of Supplies are Seller's responsibility unless otherwise stated in the Order, in which case Seller will provide the information necessary to enable Buyer to obtain the licenses or authorizations. Seller will promptly notify Buyer in writing of any material or components used by Seller in filling the Order that Seller purchases in a country other than the country in which the Supplies are delivered. Seller will furnish any documentation and information necessary to establish the country of origin or to comply with the applicable country's rules of origin requirements. Seller will promptly advise Buyer of any material or components imported into the country of origin and any duty included in the Supplies' purchase price. If Supplies are manufactured in a country other than the country in which Supplies are delivered, Seller will mark Supplies "Made in [country of origin]." Seller will provide to Buyer and the appropriate governmental agency the documentation necessary to determine the admissibility and the effect of entry of Supplies into the country in which Supplies are delivered. Seller warrants that any information that is supplied to Buyer about the import or export of Supplies is true and correct and that all sales covered by the Order will be made at not less than fair value under the anti-dumping laws of the countries to which the Supplies are exported. To the extent any Supplies covered by this Order are to be imported, Seller shall comply with the legal requirements and guidance from US Customs and Border Protection in connection with the Uyghur Forced Labor Prevention Act and all applicable regulatory supply chain security programs (e.g., Customs-Trade Partnership Against Terrorism – C-TPAT). Upon request, Seller shall certify in writing to Buyer its compliance with these requirements.

7. **Inspection; Non-Conforming Goods/Services; Audit.** Upon providing Seller written notice, Buyer may enter Seller's facility or the facility of any entity used by Seller to fulfill the Order, whether or not identified as a subcontractor, to inspect the facility, Supplies, materials, inventory, finished goods, work-in-process, and any of Buyer's property related to the Order. Buyer's inspection of Supplies, whether during manufacture, prior to delivery, or within a reasonable time after delivery, does not constitute acceptance of any work-in-process or finished goods. Buyer's acceptance, inspection, or failure to inspect does not relieve Seller of any of its responsibilities or warranties. Nothing in the Order releases Seller from the obligation of testing, inspection and quality control. If defective or non-conforming Supplies are shipped to and rejected by Buyer, the quantities under the Order will be reduced unless Buyer otherwise notifies Seller. Seller will not replace reduced quantities without a new Material Release from Buyer. In addition to other remedies available to Buyer: (i) Seller agrees to accept return, at Seller's risk and expense at full invoice price, plus transportation charges, and to replace defective and non-conforming Supplies as Buyer deems necessary; (ii) Buyer may have corrected at any time prior to shipment from Buyer's plant Supplies that fail to meet the requirements of the Order; and/or (iii) Seller will reimburse Buyer for all reasonable expenses that result from any rejection or correction of defective and non-conforming Supplies. Seller will document corrective actions within a commercially reasonable period after receipt of a defective or non-conforming sample and will take whatever measures necessary to correct the defect. Payment for defective or nonconforming Supplies is not an acceptance, does not limit or impair Buyer's right to assert any legal or equitable remedy, and does not relieve Seller's responsibility for latent defects. Upon reasonable notice to Seller, either Buyer or its direct or indirect Customers may conduct audits at Seller's production facility for the purpose of quality, cost or delivery verification. Seller will ensure that the terms of its contracts with its subcontractors provide Buyer and its Customers with all of the rights specified in this Section.

8. **Payment.** Except as otherwise provided in these Terms, Buyer will pay correct and complete invoices on the next regularly scheduled payment date following the payment terms stated in the Order, if any. Such payment terms apply to the date Invoices are received by Buyer when Seller has complied with all duties and obligations provided in the Order, or the date the Supplies are received or completed (if in the form of services) at the facility designated by Buyer, whichever occurs later. If no payment term appears on the Order payment terms will be defined as the shorter of (i) one hundred twenty (120) calendar days or (ii) the maximum days required under applicable law. Invoices for tooling must be issued only as approved, as provided in the Order. Buyer may withhold payment pending receipt of evidence, in the form and detail requested by Buyer, of the absence of any liens, encumbrances, or claims on Supplies provided under the Order. If Adient is legally required to pay in a shorter time period, Adient will pay all correct and complete

invoices within the maximum period of time allowed by law. Payment will be made in the currency expressly stated in the Order; if no such currency is noted, payment will be made in U.S. Dollars.

9. Changes. (a) Buyer reserves the right at any time, by written notice to Seller, to make changes, or to require Seller to make changes, to drawings, specifications, sub-suppliers, samples or descriptions of Supplies. Buyer also reserves the right to otherwise change the scope of the work covered by the Order, including work with respect to such matters as inspection, testing or quality control. Buyer may also direct the supply of raw materials from itself or from third parties. Seller will promptly make any such requested change. In order for Seller to request a reasonable difference in price or time for performance as a result of such a change, Seller must notify Buyer of its request in writing within ten days after receiving notice of the change. Buyer can request additional documentation from Seller relating to any change in specifications, price or time for performance. After receiving all requested documentation, Buyer may, in its sole discretion, equitably adjust the price or time for performance. If Seller does not provide timely notice to Buyer that a requested change may result in a difference in price or time for performance, Buyer's requested change will not affect the price or time for performance. (b) Seller will not make any change relating to Supplies – including, without limitation, in the Supplies' contents, design, specifications, processing, packing, marking, shipping, price or date or place of delivery – except at Buyer's written instruction or with Buyer's written approval. Such prohibited changes include, without limitation, changing (i) any third-party supplier to Seller of the services, raw materials or goods used by Seller in connection with its performance under the Order, (ii) any facility from which Seller and/or any such third-party supplier operates and that relates in any way to the Supplies, or to services, raw materials or goods used by Seller in connection with performance under the Order, (iii) the price of any Supplies covered by the Order, (iv) the nature, type or quality of any services, raw materials or goods used by Seller or its suppliers in connection with the Order, (v) the fit, form, function, appearance or performance of any Supplies covered by the Order, or (vi) the production method, or any process or software, or any production equipment used in the production or provision of, or as part of, any Supplies under the Order. Any changes by Seller to any Order or to the Supplies covered by the Order without the prior written approval of an authorized representative of Buyer shall constitute a breach of the Order.

10. Warranties. (a) Seller expressly warrants and guarantees to Buyer, to Buyer's successors, assigns and Customers, and to users of Buyer's products, that all Supplies delivered or provided to Buyer will: (i) be world-class, competitive Supplies in terms of price, quality, delivery and technology, and conform to the specifications, standards, drawings, samples, descriptions and revisions as furnished to or by Buyer; (ii) conform to all applicable laws, orders, regulations and standards in countries where Supplies or vehicles or other products incorporating Supplies are to be sold, including without limitation the National Traffic and Motor Vehicle Safety Act, United States motor vehicle safety standards and European Union Directive 2000/53/EC; (iii) be merchantable and free of defects in design (to the extent designed by Seller or any of its subcontractors, agents or suppliers (other than Buyer-directed suppliers), even if the design has been approved by Buyer), materials and workmanship; (iv) be selected, designed (to the extent designed by Seller or any of its subcontractors, agents or suppliers (other than Buyer-directed suppliers), even if the design has been approved by Buyer), manufactured and assembled by Seller based upon Buyer's stated use and be fit and sufficient for the purposes intended by Buyer; and (v) be free of all liens, claims and encumbrances whatsoever. Seller further expressly warrants that, unless otherwise expressly stated in the Order, the Supplies are manufactured entirely with new materials, none of the Supplies is, in whole or in part, governmental or commercial surplus or used, remanufactured, reconditioned or of such age or condition so as to impair its fitness, usefulness or safety, and the Supplies are free from latent defects or conditions that would give rise to a defect regardless of whether the defect or condition was known or discoverable during the warranty period. These warranties are intended to provide Buyer with protection from any and all warranty claims brought against Buyer by Customers, including Customer-required warranties relating to the Supplies or any products into which such Supplies are incorporated. All such Customer-required warranties are incorporated herein by reference. The foregoing warranties are in addition to those available to Buyer by law. (b) The warranty period is the longest of: three years from the date Buyer accepts the Supplies; the warranty period provided by applicable law; or the warranty period offered by Buyer Customer(s) to end-users for Supplies installed on or as part of vehicles, and provided further that if Buyer or any Customer voluntarily or pursuant to a government mandate, makes an offer to owners of vehicles (or other finished products) on which the Supplies, or any parts, components or systems incorporating the Supplies, are installed to provide remedial action or to address a defect or condition that relates to motor vehicle safety or the failure of a vehicle to

comply with any applicable law, safety standard or corrective service action (“Remedial Action”), the warranty shall continue for such period of time as may be dictated by Customer(s) or the federal, state, local or foreign government where the Supplies are used or provided, and Seller shall fully comply (among other matters) with the requirements under Section 17 below. (c) For all services, Seller further warrants that its work will be performed in a professional and workmanlike manner, consistent with all standards and specifications agreed on with Buyer and otherwise consistent with industry standards. (d) Seller will immediately notify Buyer in writing when it becomes aware of any ingredient, component, design or defect in Supplies that is or may become harmful to persons or property. (e) Buyer’s approval of any design, drawing, material, process or specifications will not relieve Seller of these warranties. (f) The following communications shall each constitute notice of a breach of warranty under the Order: (i) any communication specifying a defect, default, claim of defect or other problem or quality issue of the Supplies provided under the Order; (ii) any communication to Seller claiming that the Supplies are in breach of any warranty or that Seller is in default under the Order; and (iii) a termination notice from Buyer under Section 21. Any such notice of breach of warranty by Buyer may only be rescinded in writing by an authorized representative of Buyer. (g) To mitigate its damages, Buyer may defend any claim from any Customer that the Supplies are defective, non-conforming, in breach of warranty, or otherwise did not meet applicable legal or contractual requirements because the Customer may attempt to hold Buyer responsible for problems caused in whole or in part by Seller. Seller and Buyer agree that Buyer’s defense and settlement of such Customer claims is in the best interest of both Seller and Buyer and in no way limits Buyer’s claims against Seller related to the Supplies.

11. Supplier Standards, Quality and Development; PPAP; Required Programs. (a) Seller shall maintain a quality assurance system in line with most recent standards of automotive technology, including without limitation IATF16949:2016 quality certification, OHSAS 18001 health and safety certification and ISO 14001 environmental certification including registration. Seller will also participate in supplier quality and development programs of Buyer and (as applicable) Customers. Seller agrees to meet the full requirements of industry Production Part Approval Processes (PPAP) as specified by Buyer and (as applicable) Customers and agrees to present this information to Buyer upon request, at the level requested. Seller will participate in and comply with the following Buyer programs and standards: (i) Buyer’s Supplier Standards Manual (including all subsections and forms), accessible at <http://www.adient.com/suppliers/supplier-expectations>; (ii) Advanced Quality Planning (AQP) and Supplier Individual Development Plans (SIDP); (iii) supplier performance evaluations; and (iv) minority business expectations. These programs and standards may be found at <http://www.adient.com/suppliers> or by contacting Buyer’s assigned purchasing representative. All references to Adient plc in the foregoing programs and standards will be deemed references to Buyer. In the event of any discrepancy between any part of the above programs or standards and an express provision of these Terms, these Terms will control. (b) Supplier is responsible for all lower-tier providers of goods or services. Seller must maintain adequate development, validation, launch and ongoing supervision to assure all Supplies provided to Buyer conform to all applicable warranties and other provisions of the Order.

12. Service and Replacement Parts. During the applicable vehicle program production life and for five years after a vehicle program concludes series production or a specific part concludes series production, or so long as the related Customer requires, whichever is longer (unless a different period is agreed in writing by the parties or stated in Buyer’s applicable Statement of Work or Supplier Standards Manual), Seller will supply Buyer’s written “replacement parts” and “service parts” orders for the same Supplies, component parts and materials at the price(s) set forth in the Order plus any actual cost differential for special packaging. If the Supplies are systems or modules, Seller will sell each component or part at a price that does not, in the aggregate, exceed the system or module price specified in the Order, less assembly costs, plus any actual cost differential for packaging. For an additional ten years, or so long as the related Customer requires service parts, whichever is longer (or a different period if agreed in writing by the parties or stated in Buyer’s applicable Statement of Work or Supplier Standards Manual), Seller will sell Supplies to Buyer in order to fulfill Buyer’s past model service and replacement parts requirements, at price(s) based on the most recent price(s) under the Order, taking into account actual, documented differences in the cost of materials, packaging, and costs of production after any of Buyer’s current model purchases have been completed, as mutually and reasonably agreed by the parties. At Buyer’s request, Seller will make service literature and other materials available at no additional charge to support Buyer’s service part sales activities. Unless otherwise expressly agreed in writing by an authorized representative of Buyer or Buyer removes tooling

from Seller necessary for the production of service parts, Seller's obligations under this Section 12 shall survive termination or expiration of the Order for any reason.

13. Remedies. The rights and remedies reserved to Buyer in each Order will be cumulative with and in addition to all other or legal or equitable remedies. Seller will reimburse Buyer for any incidental, consequential or other damages (including lost profits) caused or required by Seller's breach or by nonconforming Supplies or allegations of the same, including without limitation costs, expenses and losses incurred directly or indirectly by Buyer or Customer(s): (i) in inspecting, sorting, storing, reworking, repairing or replacing the nonconforming Supplies; (ii) resulting from production interruptions; (iii) conducting root-cause investigations, recall campaigns, Customer field service actions or other corrective service actions or Customer satisfaction efforts; or (iv) resulting from personal injury (including death) or property damage caused by, or allegedly caused by, the nonconforming Supplies. Buyer's damages include reasonable attorneys' fees and other professional fees, litigation, mediation, and arbitration costs, settlements and judgments incurred by Buyer and other costs associated with Buyer's administrative time, labor and materials. If requested by Buyer, Seller will enter into a separate agreement for the administration or processing of warranty charge-backs for nonconforming Supplies, and will participate in and comply with warranty reduction or related programs of Buyer or (to the extent directed by Buyer) Customer(s) that relate to the Supplies. In any action brought by Buyer to enforce Seller's obligations in connection with the production or delivery of Supplies or transition support, or for possession of property, Seller acknowledges and agrees that monetary damages are not a sufficient remedy for any actual, anticipatory or threatened breach of the Order, and that, in addition to all other rights and remedies that Buyer may have, Buyer shall be entitled to specific performance and injunctive equitable relief as a remedy for any such breach, plus Buyer's reasonable attorneys' fees and costs, and any further transportation, freight, and administrative costs.

14. Compliance with Laws; Ethics. (a) Seller, and any Supplies supplied by Seller, will comply with all applicable laws, including rules, regulations, orders, conventions, ordinances and standards, including without limitation (i) in relation to Seller's operations of its business and to the manufacture, labeling, transport, import, export, licensing, approval or certification of the Supplies, and (ii) laws relating to competition, corporate governance, anti-bribery and anti-corruption, anti-money laundering, sanctions, embargoes, taxation, cross border movement of goods, technology and services, financial disclosure, environmental matters, hiring, wages, hours and conditions of employment (including forced and compulsory labor), subcontractor selection, discrimination, occupational health or safety and motor vehicle safety. Seller will comply with internationally recognized human rights and ensure fair labor conditions. Seller will not use forced or child labor and will ensure compliance with the Uyghur Forced Labor Prevention Act, UK Modern Slavery, German Supply Chain Due Diligence Act, and all similar human rights laws. While supplying goods or performing services under this agreement the supplier will comply with the US Foreign Corrupt Practices Act, local anti-corruption laws and all other laws prohibiting any form of commercial or private bribery. The Order incorporates by reference all clauses required by these laws. (b) All materials used by Seller in the Supplies or in their manufacture will satisfy current statutory, regulatory, governmental and safety constraints on restricted, toxic and hazardous materials as well as environmental, electrical and electromagnetic considerations that apply to the country of manufacture, sale or receipt, the country of shipment, and the Customer-identified country of destination if provided. (c) Seller and its employees and contractors will abide by the Buyer's Ethics Policy (available at <http://www.adient.com/ethics>) or Seller's own equivalent code of conduct or ethics policy. Seller will communicate the above-mentioned requirements to its own suppliers, and it represents and warrants that these suppliers will comply with all such requirements.

15. Customer Requirements. (a) Seller agrees to comply with the applicable terms and conditions of any agreements Customer Purchase Orders received by Buyer from a Customer, or directly or indirectly applicable to Buyer, pursuant to which Buyer agrees to supply to Customer, or to incorporate into goods supplied to Customer, Supplies purchased by Buyer from Seller. Buyer may in its discretion supply Seller with information regarding Customer Purchase Orders. Seller will be responsible for ascertaining how such disclosed Customer Purchase Order affects Seller's obligations under the Order, and Seller will meet all such disclosed Customer Purchase Order terms and conditions to the extent within Seller's control. In the event of a conflict between the Order or these Terms and the terms of the Customer Purchase Order, Buyer will determine, in its sole and absolute discretion, which terms will supersede and apply to Seller. Seller will do everything within its control to enable Buyer to meet the terms and conditions of Customer Purchase Orders,

including without limitation, cost and productivity terms and price reductions. By written notice to Seller, Buyer may elect to have the provisions of this Section prevail over any conflicting term between Buyer and Seller. (b) In the event that a Customer files or has filed against it a petition in bankruptcy or insolvency and, in the course of such proceeding and in connection with actual or threatened termination by the Customer of its contract(s) with Buyer (by rejection or otherwise), Buyer permits a reduction in the price(s) paid to Buyer for products incorporating the Supplies, the price paid to Seller for the Supplies from and after the date of such reduction will be automatically adjusted proportionally by the same percentage as the price paid to Buyer, and the Order will otherwise remain in effect without modification. (c) Seller acknowledges that Buyer is, or may be, obligated to participate in certain efficiency initiatives required by Customers. In order to facilitate Buyer's ability to meet its obligations to Customers, Seller will participate in Buyer's cost savings, warranty reduction, and other efficiency initiatives as required by Buyer. Seller must implement its own initiatives to improve efficiencies and cost. If Seller learns of a necessary change to the Supplies, or a possible change to the Supplies that may reduce cost, improve quality, or otherwise be beneficial to Buyer or Customers, Seller will inform Buyer of the possible change in writing. Seller will not implement any change without Buyer's prior written approval. Seller agrees that cost savings through participation in such efficiency initiatives will be passed on to the Buyer as mutually agreed. (d) If any requirement imposed by any Order on Seller is found to be unenforceable or a gap otherwise exists or is created in the terms applicable to any Order through operation of law, conflict in terms or otherwise, the corresponding requirement(s) of Customer shall be applicable to and binding on Seller for the benefit of Buyer. Seller acknowledges that it is familiar with the automotive industry and the applicable terms of Customer(s) that would apply in such event.

16. Directed Sellers. If a Customer directs, recommends, requests, suggests or otherwise identifies Seller as the source from which Buyer is to obtain the Supplies (a "Directed Seller"), then notwithstanding the particular payment terms otherwise applicable to the Order or anything to the contrary in the Order: (a) in no event will Seller have a right to receive payment from Buyer for the Supplies except following, and in proportion to, Buyer's actual receipt of payment for those goods in which the specific Supplies are incorporated, and (b) any lengthening of applicable payment terms by Customer to Buyer will automatically lengthen the payment terms as between Buyer and Seller by an identical amount of time, and Buyer may, at its option and on notice to Seller, otherwise revise its payment terms for Supplies to take into account any other change in the payment terms of Customer for the Supplies under the Order; (c) within three business days of any change in price, specifications or other terms negotiated or proposed between Seller and Customer, Seller will notify Buyer in writing and will immediately adjust its invoices to reflect any price reduction, provided that no change will be binding on Buyer without Buyer's specific written consent; (d) without limiting any other rights and remedies of Buyer, Seller will indemnify and hold harmless Buyer from any liabilities, claims, demands, losses, damages, costs, and expenses (including without limitation attorneys' fees and other professional fees and costs) incurred by Buyer arising from or relating to the Supplies – and including without limitation any charges or set-offs (including without limitation interim field service action cost recovery debits) taken by Customer against Buyer by reason of alleged defects in Supplies, even if such set-offs by Customer are before final determination of (and subject to adjustment based upon) whether and to what extent defects in Supplies were a cause of the related Remedial Action undertaken and related costs/damages incurred by Customer; (e) at Buyer's option, Seller will resolve all commercial issues (including pricing disputes), collection or insolvency risks of Customer or Seller, warranty charges, product liability claims, recalls, intellectual property matters, and production interruptions arising from or relating to the Supplies (except in each case to the extent caused by Buyer) directly and exclusively with Customer and Seller will indemnify and hold harmless Buyer for these matters; and (f) any debits claimed by Customer arising from or relating to the Supplies will be passed through Buyer to Seller.

17. Indemnification. (a) To the fullest extent permitted by law, (i) Seller hereby assumes the entire, sole responsibility for any injury to person, including death, or damage to property of any kind or nature caused by, resulting from or in connection with the furnishing of Supplies by Seller, its subcontractors, officers, agents or employees; (ii) Buyer shall not be responsible for any injury to person (including death) or damage to property resulting from Seller's possession, use, misuse or failure of any Buyer's Property (as hereafter defined) or other property furnished to Seller by Buyer, and the use of any such property by Seller shall constitute acceptance by Seller of all responsibility for any claims for such injury or damage; and (iii) Seller will defend, indemnify and hold harmless Buyer, Customers, and dealers and users of the products sold by Buyer (or the vehicles in which they are incorporated) and all of their respective agents, customers, invitees,

subsidiaries, affiliates, successors and assigns, against all damages, losses, claims, liabilities and expenses (including reasonable attorneys' fees and other professional fees and costs, settlements and judgments) arising out of or resulting from any defective or non-conforming Supplies or any allegation thereof, or from any actual, or any allegation of a, negligent or wrongful act or omission of Seller or Seller's agents, employees or subcontractors, or any breach or failure by Seller to comply with any of Seller's representations or other terms and conditions of an Order (including any part of these Terms) – including without limitation the cost of recall campaigns, Customer field service actions or other corrective service actions that, in Buyer's or Customer's reasonable judgment, are required because of nonconformities in some or all of the Supplies provided by Seller hereunder, and including without limitation interim set-offs or charges (such as interim field service action cost recovery debits) by Customers attributable to Supplies but subject to adjustment based on final determination of whether and to what extent the damages, losses, claims, liabilities and expenses were attributable to defects or other failures of Supplies or Seller to comply with its obligations under one or more Orders. Seller's obligation to defend and indemnify under this Section will apply regardless of whether the claim arises in tort, negligence, contract, warranty, strict liability or otherwise except for claims that arise as a result of the sole negligence of Buyer. Buyer has the right to be represented by and actively participate through its own counsel in the defense and resolution of any indemnification matters, at Seller's expense. The indemnification obligations of Seller set forth in this Order, including this Section, are independent of and in addition to any insurance and warranty obligations of Seller. (b) If Seller performs any work on Buyer's or Customer's premises or utilizes the property of Buyer or Customer, whether on or off Buyer's or Customer's premises: (i) Seller will examine the premises to determine whether they are safe for the requested work and will advise Buyer promptly of any situation it deems to be unsafe; (ii) Seller's employees, contractors, and agents will comply with all laws and regulations that apply to the premises and may be removed from Buyer's premises at Buyer's discretion; (iii) Seller's employees, contractors, and agents will not possess, use, sell, transfer or be under the influence of alcohol or unauthorized, illegal, or controlled drugs or substances on the premises; and (iv) to the fullest extent permitted by law, Seller will indemnify and hold Buyer and Customer, and their respective agents, successors and assigns, harmless from and against any liability, claims, demands or expenses (including reasonable attorneys' and other professional fees and costs, settlements and judgments) for damages to the property of, or personal injuries (including death) to, Buyer, Customers, their respective employees or agents, or any other person or entity to the extent arising from or in connection with Seller's work on the premises or Seller's use of Buyer's or Customer's property, except for any liability, claim or demand arising out of the sole negligence of Buyer or Customer, respectively. Seller's liability under this Section shall not be barred by the negligence of indemnitees, but shall extend to the full amount of fault attributable to Seller for any act, omission, defect, or other condition out of which a claim, damage, or loss arises, even if indemnitees were also negligent in connection therewith. The parties agree that the foregoing may require Seller to indemnify indemnitees for fault assigned to or alleged against indemnitees in a proceeding commenced by a third party. Seller's absence from such proceeding or the inability to apportion fault to Seller in the manner specified in this Section in such proceeding, shall not alter Seller's obligations to indemnitees under this Section.

18. Insurance. Seller will obtain and maintain, with insurance companies reasonably acceptable to Buyer, the insurance coverage listed below or in additional amounts and coverages as may be reasonably requested by Buyer or (to the extent directed by Buyer) Customer(s), in each case naming Buyer and its affiliates (as applicable) as loss payee(s) and "additional insured(s)". Such coverages shall include, without limitation, providing full fire and extended coverage insurance for the replacement value of (i) all Seller's Property (as hereafter defined), and (ii) any bailed Buyer's Property (as hereafter defined), both for their full replacement value. Seller will furnish to Buyer a certificate showing compliance with this requirement or certified copies of all insurance policies within 10 days of Buyer's written request. The certificate will provide that Buyer (and, if applicable, Customers) will receive 30 days' prior written notice from the insurer of any termination or reduction in the amount or scope of coverage. The existence of insurance does not release Seller of its obligations or liabilities under the Order.

Minimum coverage is as follows:

<u>COVERAGE</u>	<u>LIMITS OF LIABILITY</u>
Workers compensation	Statutory

Employer's liability	US\$100,000 / each accident, disease policy limit, disease each employee
Commercial general liability insurance, including contractual liability coverage	US\$5,000,000 / each occurrence, general aggregate, products & completed operations aggregate
Commercial automobile liability insurance	US\$1,000,000 / each occurrence, combined single limit

19. Financial Review; Insolvency. (a) Buyer or a third party designated by Buyer may at any time review the financial condition of Seller and its affiliates, and Seller will fully cooperate in such review and will promptly provide copies of or access to requested documents, including without limitation financial records and statements, forecasts, business plans, banking contacts and loan documents, and will make its financial managers available for discussions during reasonable business hours. Buyer and any designated third party will keep confidential any nonpublic information about Seller obtained in a financial review and use such information only for purposes of the review, except as needed to enforce the Order. (b) The Order may be terminated immediately by Buyer, without liability to Buyer, if any of the following or comparable events occur, and Seller will reimburse Buyer for all costs incurred by Buyer in connection with any of the following, including without limitation attorneys' fees and other professional fees and costs: (i) Seller becomes insolvent; (ii) Seller files a voluntary petition in bankruptcy; (iii) an involuntary petition in bankruptcy is filed against Seller; (iv) a receiver or trustee is appointed for Seller; (v) Seller needs accommodations from Buyer or its lender, financial or otherwise, in order to meet its obligations under the Order; (vi) Seller executes an assignment for the benefit of creditors; (vii) Seller fails to meet the credit underwriting standards of Buyer's credit insurance program; or (viii) Seller is unable promptly to provide Buyer with adequate reasonable assurance of Seller's financial capability to perform any of Seller's obligations under the Order on a timely basis. Seller will be deemed to have repudiated this Order if Seller refuses to permit the inspection described in (a) above. In the event that this Order is not terminated in accordance with the immediately preceding sentence, upon the occurrence of an event described in the immediately preceding sentence, Buyer may make equitable adjustments in the price, payment terms, and/or delivery requirements under this Order as Buyer deems appropriate to address the change in Seller's circumstances, including Seller's continuing ability to perform its obligations regarding warranty, nonconforming Supplies or other requirements under this Order. (c) Seller agrees that if Seller experiences any delivery or operational problems, Buyer may, but is not required to, designate one or more representatives to be present in Seller's applicable facility to observe Seller's operations. Seller agrees that if Buyer provides to Seller any accommodations (financial or otherwise) that are necessary for Seller to fulfill its obligations under this Order, Seller will reimburse Buyer for all costs, including attorneys' fees and other professionals' fees, incurred by Buyer in connection with such accommodation and will grant access to Buyer to use Seller's premises and machinery, equipment, and other property necessary for the production of the Supplies covered by this Order. Notwithstanding anything contained in this Section 19 to the contrary, financial information provided by Seller to Buyer hereunder pursuant to a Direct Supply Relationship may be provided to the Customer if Seller fails to provide Buyer with adequate reasonable assurance of Seller's financial capability to perform any of Seller's obligations under the Order on a timely basis.

20. Termination for Breach or Nonperformance. (a) Buyer may terminate all or any part of the Order, without liability to Seller, if Seller: (i) repudiates, breaches or threatens to breach any of the terms of the Order (including without limitation Seller's warranties and world-class supplier provisions); (ii) fails or threatens not to deliver Supplies or perform services in connection with the Order; (iii) fails to make progress or to meet reasonable quality requirements so as to endanger timely and proper completion or delivery of Supplies and does not correct the failure or breach within 10 days (or such shorter period of time if commercially reasonable under the circumstances) after receipt of written notice from Buyer specifying the failure or breach or Buyer terminates for breach any other Order issued by Buyer to Seller in accordance with the terms of such other Order (whether or not such other Order is related to the Order); (iv) enters or offers

to enter into a transaction that includes a sale of a substantial portion of its assets used for the production of Supplies for Buyer or a merger, sale or exchange of stock or other equity interests that would result in a change in control of Seller; or (v) fails to remain competitive with respect to quality, technology, delivery, service or pricing of the Supplies. Seller will notify Buyer within ten days after entering into any negotiations that could lead to the situation specified in subsection (iv) above, provided that upon Seller's request, Buyer will enter into an appropriate nondisclosure agreement related to information disclosed to Buyer in relation to such transaction. (b) Seller acknowledges that Buyer is purchasing Supplies for use in a tiered supply chain, or under other circumstances in which timely manufacture and delivery is required, and that Buyer is relying upon Seller's agreement to timely manufacture and deliver to Buyer the Supplies pursuant to the Terms of the Order to allow Buyer to fulfill its contract to sell goods which incorporate the Supplies to Customer. Accordingly, Seller may only terminate the Order before expiration if Buyer fails to pay the purchase price for Supplies which are thirty (30) or more days past due and material in amount, and then only if: (i) Seller first provides Buyer written notice specifying the amounts past due (including the relevant Order and invoices numbers and dates) and Seller's intent to terminate the Order if the past due amount is not paid; and (ii) Buyer, within sixty (60) days of such notice, does not either: (A) pay the past due amounts, or (B) notify Seller that the amounts claimed to be unpaid are disputed by Buyer. Seller shall terminate under this Section by delivering a Termination Notice to Buyer. Seller may not terminate or cancel the Order for any reason except as permitted under this Section. Seller may not suspend performance of the Order for any reason.

21. **Termination.** In addition to any other rights of Buyer to cancel or terminate the Order, Buyer may, at its option and in its sole discretion, terminate all or any part of the Order (other than the minimum quantities specified in Section 3) at any time and for any reason, and notwithstanding the existence of any event of force majeure under Section 23, upon written notice to Seller. Upon receipt of notice of termination, and unless otherwise directed by Buyer, Seller will: (a) promptly terminate all work under the Order on the effective date of termination; (b) transfer title and deliver to Buyer the finished Supplies, the work in process, and the parts and materials that Seller reasonably produced or acquired according to quantities ordered by Buyer and that Seller cannot use in producing goods for itself or for others; (c) verify and settle any claims by subcontractors for actual costs incurred directly as a result of the termination and ensure the recovery of materials in subcontractors' possession; (d) take actions reasonably necessary to protect property in Seller's possession in which Buyer has an interest until disposal instruction from Buyer has been received; and (e) upon Buyer's request, cooperate with Buyer in transferring the production of Supplies to a different supplier, including as described in Section 22. Upon termination by Buyer under this Section, Buyer will be obligated to pay only the following: (i) the Order price for all finished Supplies in the quantities ordered by Buyer that conform to the Order for which Seller has not been paid; (ii) Seller's reasonable actual cost of merchantable and useable work-in-process and the parts and materials transferred to Buyer under part (b) above; (iii) Seller's reasonable actual costs of settling claims regarding its obligations to its subcontractors required under the Order, to the extent directly caused by the termination, but limited to the amount of the firm quantities of Supplies and raw materials/components specified in Material Releases issued by Buyer and then currently outstanding; (iv) Seller's reasonable actual cost of carrying out its obligation under subsection (d); and (v) if applicable, amounts due in connection with Transition Support under Section 22(b). Notwithstanding any other provision, Buyer will have no obligation for and will not be required to pay Seller, directly or on account of claims by Seller's subcontractors, for any consequential damages including, but not limited to, loss of anticipated profit, unabsorbed overhead, interest on claims, product development and engineering costs, tooling, facilities and equipment rearrangement costs or rental, unamortized capital or depreciation costs, finished goods, work-in-process or raw materials that Seller fabricates or procures in amounts exceeding those authorized in the Material Releases, or general administrative burden charges from termination of the Order, except as otherwise expressly agreed in a separate Order issued by Buyer. Buyer's obligation upon termination under this Section will not exceed the obligation Buyer would have had to Seller in the absence of termination. Seller will furnish to Buyer, within one month after the date of termination (or such shorter period as may be required by Customer), its termination claim, which will consist exclusively of the items of Buyer's obligation to Seller that are expressly permitted by this Section. Buyer may audit Seller's records before or after payment to verify amounts requested in Seller's termination claim. Buyer will have no obligation for payment to Seller under this Section if Buyer terminates the Order or portion thereof because of a default or breach by Seller, and any termination shall be without prejudice to any claims which Buyer may have against Seller. In the event of a termination of the Order by Buyer as a result of Buyer ceasing to

be a supplier to the Customer for the vehicle program in respect of which Buyer issued the Order, Buyer shall only be obligated to compensate Seller for any costs under this Section if, when and to the extent that the Customer reimburses Buyer for such costs.

22. Transition of Supply. (a) In connection with the expiration or termination of the Order by either party, in whole or in part, or Buyer's other decision to change to an alternative source of Supplies (including but not limited to a Buyer owned or -operated facility) (an "Alternative Supplier"), Seller will cooperate in the transition of supply, including the following: (i) Seller will continue production and delivery of all Supplies as ordered by Buyer, at the prices and other terms stated in the Order, without premium or other condition, during the entire period required by Buyer to complete the transition to the Alternative Supplier including, at Buyer's request, providing a sufficient bank of Supplies covered by the Order, such that Seller's action or inaction causes no interruption in Buyer's ability to obtain Supplies as needed; (ii) at no cost to Buyer, Seller (A) will promptly provide all requested information and documentation regarding and access to Seller's manufacturing process, including on-site inspections, bill-of-material data, tooling and process detail and samples of Supplies and components, (B) will provide all notices necessary or desirable for Buyer to resource the Order to an Alternative Supplier, (C) when requested by Buyer, will return to Buyer all Buyer's Property in as good condition as when received by Seller (reasonable wear and tear excepted), and (D) will comply with Seller's obligations relating to Seller's Property (as hereafter defined) that is specially or specifically designed, customized, or configured for production of Supplies under an Order as set forth in Section 27, and in relation to subcontracts; and (iii) subject to Seller's reasonable capacity constraints, Seller will provide special overtime production, storage and/or management of extra inventory of Supplies, extraordinary packaging and transportation and other special services (collectively, "Transition Support") as expressly requested by Buyer in writing. (b) If the transition occurs for reasons other than Seller's termination or breach, Buyer will, at the end of the transition period, pay the reasonable, actual cost of Transition Support as requested and incurred, provided that Seller has advised Buyer prior to incurring such amounts of its estimate of such costs. If the parties disagree on the cost of Transition Support, Buyer will pay the agreed portion to Seller and pay the disputed portion into third-party escrow for disbursement by arbitration.

23. Force Majeure. Any delay or failure of either party to perform its obligations will be excused if and to the extent that the party is unable to perform specifically due to an event or occurrence beyond its reasonable control and without its fault or negligence, such as: acts of God; restrictions, prohibitions, priorities or allocations imposed or actions taken by a governmental authority (whether valid or invalid); embargoes; fires, explosions; floods, earthquakes; epidemics, pandemics; disasters, riots; wars; sabotage; or court injunction or order (each, a "Force Majeure Event"). Seller's inability to perform as a result of, or delays caused by, Seller's insolvency or lack of financial resources is deemed to be within Seller's control. The change in cost or availability of materials or components based on market conditions, supplier actions, contract disputes, labor strikes, or other labor disruption applicable to Seller or any of its subcontractors or suppliers, will not excuse Seller's performance (under theories of force majeure, commercial impracticability or otherwise), and Seller assumes these risks. Any delay or failure that Seller can, or could have, overcome through additional planning, efforts or expenditures (including, but not limited to, the use of expedited shipping or overtime) will not excuse Seller's performance (under theories of force majeure, commercial impracticability or otherwise), and Seller assumes these risks. Seller shall be obligated, at its own expense, to undertake such measures as may be necessary to overcome any such failure or delay. If a Force Majeure Event affects only a part of Seller's capacity to perform, Seller shall prioritize supply to Buyer before utilizing such capacity for other customers. As soon as possible (but no more than one full business day) after the occurrence, Seller will provide written notice describing such delay and assuring Buyer of the anticipated duration of the delay and the time that the delay will be cured. During the delay or failure to perform by Seller, Buyer may at its option: (a) purchase Supplies from other sources and reduce its schedules to Seller by such quantities, without liability to Seller; (b) require Seller to deliver to Buyer at Buyer's expense all finished goods, work in process and parts and materials produced or acquired for work under the Order; and (c) have Seller provide Supplies from other sources in quantities and at a time requested by Buyer and at the price set forth in the Order. In addition, Seller at its expense will take all necessary actions to ensure the supply of Supplies to Buyer for a period of at least 30 days during any anticipated labor disruption or resulting from the expiration of Seller's labor contracts. If, upon request of Buyer, Seller fails to provide within ten (10) days (or such shorter period as Buyer requires) adequate assurance that any delay will not exceed thirty

(30) days, or if any delay lasts longer than thirty (30) days, Buyer may terminate the Order without liability and Seller shall reimburse Buyer for costs associated with the termination.

24. Technology and Intellectual Property.

(a) Buyer Intellectual Property. All data, inventions (whether or not patentable), industrial designs, technical and/or confidential information, trade secrets, design rights (whether registered or unregistered), know-how, processes of manufacture and other intellectual property and information (i) authored, created, developed, conceived or first reduced to practice by or on behalf of Seller (including without limitation by any person or entity employed by or working under the direction of Seller) or acquired by Seller under this Order, and for which Buyer has agreed to reimburse Seller, (ii) provided by Buyer to Seller, (iii) authored, created, developed, conceived or first reduced to practice by Buyer independently of or pre-existing an Order, or (iv) authored, created, developed, conceived or first reduced to practice by Seller for Buyer as set forth in a development, work-made-for-hire, or other agreement, along with all intellectual property rights relating thereto, are the sole and exclusive property of Buyer, and Buyer reserves all rights in and to such property. Seller will promptly disclose in an acceptable form, deliver, and assign to Buyer all such deliverables, data, inventions (whether or not patentable), industrial designs, technical information, know-how, processes of manufacture and other intellectual property and information. Seller will provide assistance and sign, and will cause its employees to provide assistance and sign, any papers needed to enable Buyer to file applications for patents and other intellectual property protection throughout the world and to record rights in and to such intellectual property. To the extent that such intellectual property includes any works of authorship (including, without limitation, software) created by or on behalf of Seller, such works shall be considered "works made for hire."

(b) Patent License. Seller hereby grants to Buyer, Buyer's subcontractor(s), and Customers (including their affiliates and subcontractors) a worldwide, irrevocable, royalty-free, and fully paid-up right and license, under patents, industrial designs, design rights, technical information, know-how, processes of manufacture and other intellectual property, owned or controlled by Seller or its affiliates, and relating to the Supplies, to make, have made, repair, reconstruct, rebuild, relocate, use, sell, offer to sell and import the Supplies, and to repair, reconstruct or rebuild, use, market, sell, offer to sell and import, and to have repaired, reconstructed or rebuilt, Supplies.

(c) Copyright License. Seller hereby grants to Buyer, its subsidiaries and affiliates, and their respective successors and assigns, and Buyer hereby accepts, a non-exclusive, irrevocable, worldwide, royalty-free and fully paid-up right and license, including the right to sublicense others in connection with providing the Supplies to Buyer or Customers, under any works of authorship fixed in any tangible medium of expression (including without limitation drawings, prints, manuals and specifications) furnished by Seller in the course of Seller's activity under an Order, to reproduce, distribute, and display such works, and to prepare derivative works based thereon, subject to the other provisions of this Order.

(d) All licensed items in subsections 24(b) and (c) above, shall be referred to herein collectively as "Seller's Intellectual Property" and such licenses as described in such subsections, the "License." Seller acknowledges and understands that the License granted and accepted under this Section 24 shall be effective from the first date of delivery of the Supplies under this Order (or such earlier date as specified below) and extend for so long as Buyer, or Buyer's subsidiaries and affiliates, have contractual obligations to Customers relating to Supplies. Buyer and Seller acknowledge and agree that the License granted and accepted under this Section 24 shall take immediate effect (if not already in effect) and be royalty-free and fully paid-up to Buyer in the event that: (i) an Order for Supplies is terminated by Buyer under Sections 20 or 21, and/or (ii) in the event that Seller for any reason is unable to satisfy the quality, quantity, delivery or related requirements of Buyer for Supplies under an Order and/or additional orders. In the event that Buyer sources the Supplies containing Seller's Intellectual Property from someone other than Seller, then Seller hereby grants Buyer a license to enable dual sourcing or re-sourcing of such Supplies, subject to payment of a reasonable royalty to be negotiated by Buyer and Seller in good faith, not to exceed three percent (3%) of the applicable purchase price. For purposes of this Section 24, "Supplies" shall be deemed to include without limitation Supplies purchased by Buyer and Supplies with modifications or changes as requested or required at any time by the Customer, and other modifications or changes approved or accepted by the Customer at any time – whether

or not the part number(s) in question may change – and relating to any Platform(s) or Program(s) of the Customer for which Buyer is or becomes obligated to sell Supplies.

(e) Rights under this Section 24 are intended to be subject to 11 USC Section 365(n), as an executory agreement – including the License under which Buyer has license rights to Seller’s Intellectual Property – and are supplementary to any other rights of Buyer under existing Orders and any other agreements with Seller.

(f) All Supplies or other deliverables provided under this Order (including, but not limited to, for example, computer programs, technical specifications, documentation and manuals) shall be original to Seller, shall be free from infringement, misuse and misappropriation of a third party’s intellectual property rights, and shall not incorporate, infringe upon, misuse, or misappropriate any intellectual property rights (including, without limitation, copyright, patent, trade secret, mask work, design rights, or trademark rights) of any third party, unless otherwise expressly agreed to in a signed writing on behalf of Buyer by an authorized representative of Buyer.

(g) Seller agrees: (i) to (and will) defend, hold harmless and indemnify Buyer, its successors and Customers against any suit, claim or action for actual or alleged direct or contributory infringement of or inducement to infringe any proprietary right (including any patent, trademark, copyright, moral, industrial design right or other proprietary right or misuse or misappropriation of trade secret) and against any resulting damages or expenses (including attorney’s and other professional fees and costs, settlements and judgments) arising in any way in relation to Supplies covered by this Order (including without limitation their manufacture, purchase, use and/or sale), including such claims where Seller has provided only part of Supplies, and Seller expressly waives any claim against Buyer that such infringement arose out of compliance with Buyer’s specifications, (ii) to (and will) waive any claim against Buyer or Customers, including any hold-harmless or similar claim, in any way related to a third-party claim asserted against Buyer or Customers for infringement of any proprietary right (including any patent, trademark, copyright, moral, industrial design right or other proprietary right or misuse or misappropriation of trade secret), including claims arising out of specifications furnished by Buyer, and (iii) that if the sale or use of the Supplies is enjoined or, in Buyer’s sole judgment, is likely to be enjoined, Seller will, at Buyer’s election and Seller’s sole expense, procure for Buyer the right to continue using the Supplies, replace the same with equivalent non-infringing goods or modify such Supplies so they become non-infringing.

25. **Buyer’s Property.** (a) All information and materials, including, for example, tooling (such as fixtures, gauges, jigs, patterns, castings, cavity dies, molds, with all related appurtenances, accessions, and accessories), packaging, documents, standards, specifications, samples, trade secrets, proprietary information and other materials and items (including whether or not such materials are in any way modified, altered or processed) furnished by Buyer either directly or indirectly to Seller to perform the Order, along with any and all Supplies, tooling, deliverables, data, and intellectual property rights under Section 24, for which Buyer has agreed to reimburse Seller, shall be (or, as applicable, will become as fabricated or conceived or reduced to practice or acquired, regardless of payment) and remain the sole and exclusive property of Buyer or its Customer(s) (collectively, “Buyer’s Property”). Any and all goods manufactured by Seller with the use of Buyer’s Property may not be used for Seller’s own use or manufactured or provided (or offered to be manufactured or provided) to third parties without Buyer’s express written authorization. (b) Buyer does not guarantee the accuracy of, or the availability or suitability of, Buyer’s Property supplied by Buyer. Seller agrees carefully to check and approve, for example, all tooling, dies or materials supplied by Buyer prior to using it. Seller’s acceptance and use of Buyer’s Property precludes Seller from arguing Buyer’s Property, in whole or in part, prevented Seller from fulfilling any obligations of this Order. Seller assumes all risk of death or injury to person or damage to property arising from the use of Buyer’s Property. TO THE EXTENT PERMITTED BY LAW, BUYER SHALL HAVE NO LIABILITY TO SELLER OR ANYONE CLAIMING BY OR THROUGH SELLER FOR ANY INCIDENTAL OR CONSEQUENTIAL OR OTHER DAMAGES OF ANY KIND WHATSOEVER RELATING TO BUYER’S PROPERTY SUPPLIED BY BUYER. BUYER DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO SUCH BUYER’S PROPERTY, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, AND SELLER WAIVES, FOR ITSELF AND ITS SUCCESSORS AND ASSIGNS, ALL CLAIMS OF NEGLIGENCE AND STRICT LIABILITY. (c) Buyer’s Property will be held

by Seller or by a third party, to the extent that Seller has transferred possession of Buyer's Property to a third party, on a bailment basis as a bailee-at-will. Seller bears the risk of loss of and damage to Buyer's Property. Seller is solely responsible for inspecting, testing and approving all Buyer's Property prior to any use. Buyer's Property will be housed, maintained, repaired and replaced by Seller at Seller's expense in good working condition capable of producing Supplies meeting all applicable specifications, will not be used by Seller for any purpose other than the performance of the Order, will be deemed to be personalty, will be conspicuously marked by Seller as the property of Buyer, will not be commingled with the property of Seller or with that of a third person, and will not be moved from Seller's premises without Buyer's approval. Seller will insure Buyer's Property with full fire and extended coverage insurance for its replacement value. Any replacement of Buyer's Property will become Buyer's property. Seller may not release or dispose of Buyer's Property to any third party without the express written permission of Buyer. Buyer will have the right to enter Seller's premises to inspect Buyer's Property and Seller's records regarding Buyer's Property. Only Buyer (or Buyer's affiliates) has any right, title or interest in Buyer's Property, except for Seller's limited right, subject to Buyer's sole discretion, to use Buyer's Property in the manufacture of Supplies. Buyer and its affiliates have the absolute right to take immediate possession of Buyer's Property at any time without payment of any kind, regardless of any other dispute or claims for payment by Seller. Seller agrees to cooperate with Buyer if Buyer elects to take possession of Buyer's Property. Effective immediately upon written notice to Seller, without further notice or legal action, Buyer has the right to enter the premises of Seller and take possession of all of Buyer's Property. Seller expressly waives any right to additional notice or process and agrees to provide Buyer or its nominee(s) with immediate access to Buyer's Property. Seller will be deemed to have repudiated this Order if Seller obstructs Buyer's efforts to take possession of Buyer's Property. Seller grants to Buyer a limited and irrevocable power of attorney, coupled with an interest, to execute and record on Seller's behalf any notice financing statements with respect to Buyer's Property that Buyer determines are reasonably necessary to reflect Buyer's interest in Buyer's Property. At Buyer's request, Buyer's Property will be immediately released to Buyer or delivered by Seller to Buyer either (i) FCA (loaded) transport equipment at Seller's plant, properly packed and marked in accordance with the requirements of Buyer's selected carrier, or (ii) to any location designated by Buyer, in which case Buyer will pay Seller the reasonable costs of delivery. Seller waives, to the extent permitted by law, any lien or other rights that Seller might otherwise have on any of Buyer's Property, including but not limited to molder's and builder's liens, or any liens or other rights that Seller might otherwise have on Buyer's Property for work performed on such property, for the purchase price of Supplies, or otherwise.

26. **Confidentiality.** Seller acknowledges that Buyer's Property includes proprietary and confidential information, regardless of whether such information is marked or identified as confidential, and is delivered to Seller on a confidential and nonpublic basis for the purpose of performing the Order only. All terms of the Order are deemed proprietary and confidential information of Buyer or Customers. Seller agrees to keep all proprietary or confidential Buyer's Property and Customer information in strictest confidence, and further agrees not to disclose or permit disclosure to others, or use for other than the purpose of the Order, any such proprietary and confidential information. Seller shall (i) disclose Buyer's Property and Customer information within Seller's organization only to those employees who have a need to know in order to fulfill Seller's obligations hereunder and who have agreed to keep the Buyer's Property and Customer information confidential and (ii) prevent any such Buyer's Property or Customer information from being divulged to third persons not employed by Seller without the prior written consent of Buyer, including having recipients acknowledge the confidential status of such Buyer's Property and Customer information and agree to similar restrictions. This obligation of confidence shall survive termination of this Order and will continue for the longer of (i) a period of five years from the date of disclosure of information covered by this Section, or (ii) a period ending three years after termination or expiration of any related Order, or (iii) as long as Buyer's Property or Customer information remains a trade secret, whichever is longer, and unless a longer period is specified in writing by Buyer. The restrictions and obligations of this Section will not apply to information that: (a) is already publicly known at the time of its disclosure by Buyer; (b) after disclosure by Buyer becomes publicly known through no fault of Seller; (c) Seller can establish by written documentation was properly in its possession prior to disclosure by Buyer or was independently developed by Seller without use of or reference to Buyer's or Customer's information; or (d) is disclosed pursuant to law, regulation or lawful order or process. In such event, Seller shall promptly notify Buyer of the disclosure requirement to permit Buyer to oppose or limit such disclosure. Notwithstanding anything to the contrary in this Order, any confidentiality or nondisclosure agreement between the parties that predates this Order will remain in effect.

except as expressly modified by this Order, and to the extent of a conflict between the express terms of such an agreement relating to Buyer's or Customer's confidential information and this Section 26, the terms of that agreement will control with respect to Buyer's and Customer's confidential information.

27. **Seller's Property.** Seller, at its expense, will furnish, keep in good working condition capable of producing Supplies meeting all applicable specifications, and replace when necessary, all materials, machinery, equipment, tools, jigs, dies, gauges, fixtures, molds, patterns, blueprints, designs, specifications, drawings, photographic negatives and positives, art work copy layout and other items that are not Buyer's Property and that are necessary for the production of Supplies under any Order ("Seller's Property"). Seller will insure Seller's Property with full fire and extended coverage insurance for its replacement value. If Seller uses Seller's Property to produce goods or services for other customers, including aftermarket customers, such goods or services will not incorporate any of Buyer's Property, logos, trademarks, tradenames or part numbers. Seller will not disclose or imply in its marketing efforts that such goods or services are equivalent to the Supplies purchased by, or configured for, Buyer. Seller grants to Buyer an irrevocable option to take possession of and title to Seller's Property that is specially or specifically designed, configured, or customized for production of Supplies under an Order (including, by way of example, and without limitation, Seller's Property specially designed or configured for the manufacture or assembly or other processing of Supplies), upon payment to Seller of its net book value less any amounts that Buyer has previously paid to Seller for the cost of such items, or (if applicable) any such other amount as may be required by applicable law. This option does not apply if Seller's Property is used to produce goods that are the standard stock of Seller or if a substantial quantity of like goods are being sold by Seller to others. Buyer's option rights under this Section with respect to Seller's Property are intended to be subject to Buyer's rights and elections under 11 USC Section 365(n), as and to the extent that such Seller's Property represents embodiments of intellectual property, including intellectual property licensed by Seller to Buyer under Section 24 above.

28. **Tooling; Capital Equipment.** This Section applies only to orders for tooling. For capital equipment, the following alternate terms and conditions shall apply: <http://www.adient.com/terms>. (a) Seller will provide to Buyer, as requested, access to Seller's premises and all documentation relating to the tooling, prior and subsequent to payment, to inspect work performed and to verify charges submitted by Seller against the Order. For any tooling or parts thereof that Seller obtains from any third party, Seller will provide Buyer with such access and documentation to the ultimate production source. Seller will have thirty (30) days from the date Buyer notifies Seller of Buyer's intention to audit Seller to provide the requested access and copies of requested documentation for Buyer's exclusive use and records. Any information submitted following such thirty (30) day period will not be considered by Buyer. The price set forth in the Order will be adjusted to credit Buyer in the amount, if any, by which the price exceeds Seller's actual cost as verified. If Seller's primary business is to fabricate tooling, Seller will be permitted a reasonable profit percentage as indicated by the Order. In the absence of a mutually-accepted profit percentage, Buyer will determine a reasonable profit percentage following the completion of its audit. Seller will invoice Buyer for (and Buyer will only be obligated to pay) the lower of Seller's actual cost plus such profit percentage or the amount set forth in the Order. Buyer's audit to verify actual costs will include without limitation, at Buyer's option, copies of Seller's cancelled checks and bank statements and any other information necessary for Buyer to confirm the existence or absence of rebates, credits or discounts provided to Seller by any third party relating to such tooling. If Seller does not provide such access and documentation, Buyer may determine in its reasonable discretion an appropriate adjustment based on information available to Buyer, including estimated costs, and Seller shall be responsible for Buyer's costs in determining such estimated costs. Seller will not disclose to any third party, except for its attorneys and professional advisors who are required to maintain confidentiality, the results of such tooling audits or any adjustments made by Buyer to the prices and amounts payable to Seller as a result of such audit. Seller will retain (and cause its tooling sub-suppliers to retain) all cost records for a period of three years after receiving final payment of the charges. All tools are to be made to Buyer's specifications (or, where directed by Buyer, those of Customers). Any exception to such specifications must be stated in writing on the Order or otherwise in a signed writing by Buyer. To the extent the Order expressly states that it is for "tooling" and unless otherwise stated in the Order, freight terms are DDP Buyer's facility – Freight Collect, and Seller should not prepay or add freight charges. (b) Notwithstanding any other provision of these Terms, and except as otherwise expressly agreed in writing, where Buyer is entitled to receive reimbursement or other payment from a Customer for Supplies to be provided by Seller to Buyer under this Order that constitute tooling, Seller shall be entitled to receive payment under the Order for such

tooling only after and to the extent of, and in proportion to, Buyer's actual receipt of such reimbursement or other payment from the Customer. (c) To the extent permitted by applicable law, any payments made by Buyer for Buyer-owned Tooling are expressly intended by Buyer to be held in trust for the benefit of any subcontractor(s) used by Seller to produce the Buyer-owned Tooling that are covered by such payments and Seller agrees to hold such payments as trustee in express trust for such subcontractor(s) until Seller has paid the subcontractor(s) in full for the Buyer-owned Tooling. Seller acknowledges and agrees that such subcontractor is an intended third-party beneficiary of the terms of this Section 28(c) relating to the express trust and as such, such tooling subcontractor shall have the right to enforce these terms of this Section 28(c) directly against Seller in subcontractor's own name. Seller agrees that Buyer has no obligation to Seller or Seller's tooling subcontractor under this Section other than making the payment to Seller in accordance with a tooling purchase order. In the event Seller's tooling subcontractor brings an action against Seller under this Section, Seller agrees that it will not join Buyer in any such action.

29. Set-Off; Recoupment. In addition to any right of setoff or recoupment provided by law, all amounts due to Seller will be considered net of indebtedness of Seller and its affiliates or subsidiaries to Buyer and its affiliates or subsidiaries. Buyer will have the right to set off against or to recoup from any payment or other obligation owed to Seller, in whole or in part, any amounts due, or reasonably believed to be due, to Buyer or its affiliates or subsidiaries from Seller or its affiliates or subsidiaries. Buyer will provide Seller with a statement describing any offset or recoupment taken by Buyer.

30. Information Disclosed to Buyer. Seller agrees not to assert any claim against Buyer, Customers, or their respective suppliers, with respect to any technical information that Seller has disclosed or may disclose to Buyer in connection with the Supplies covered by the Order, except to the extent expressly covered by a separate written confidentiality and/or license agreement signed by Buyer or by a valid patent expressly disclosed to Buyer prior to or at the time of the Order.

31. No Publicity. Seller will not advertise, publish or disclose to any third party (other than to Seller's professional advisors on a confidential and need-to-know basis) in any manner the fact that Seller has contracted to furnish Buyer the Supplies covered by the Order or any terms of the Order (including prices), or use any trademarks or trade names of Buyer in any press release, advertising or promotional materials, without first obtaining Buyer's written consent.

32. Relationship of Parties. Seller and Buyer are independent contracting parties and nothing in the Order will make either party the employee, agent or legal representative of the other for any purpose. The Order does not grant either party any authority to assume or to create any obligation on behalf of or in the name of the other. Seller will be solely responsible for all employment and income taxes, insurance premiums, charges and other expenses it incurs in connection with its performance of the Order, except as expressly provided in a written agreement signed by Buyer. All employees and agents of Seller or its respective contractors are employees or agents solely of Seller or such contractors, and not of Buyer, and are not entitled to employee benefits or other rights accorded to Buyer's employees. Buyer is not responsible for any obligation with respect to employees or agents of Seller or its contractors.

33. Conflict of Interest. Seller represents and warrants that its performance of the Order will not in any way conflict with any continuing interests or obligations of Seller or its employees or contractors. Seller further warrants that while the Order is in effect, Seller and those of its employees and contractors participating in the performance of the Order will refrain from any activities which could reasonably be expected to present a conflict of interest with respect to Seller's relationship with Buyer or its performance of the Order, including without limitation, the provision of (or attempts to provide) Supplies directly to Customers without Buyer's express written consent. If Seller becomes aware of a potential conflict of interest, Seller will promptly disclose the potential conflict of interest to Buyer's Legal Compliance department.

34. Assignment. (a) Seller may not, without Buyer's prior written consent (on the face of an Order or in a signed writing by an authorized representative of Buyer), (i) assign or delegate (including without limitation by subcontract) its obligations under the Order, or (ii) enter or offer to enter into a transaction that includes a sale of a substantial portion of its assets used for the production of the Supplies for Buyer or a merger, sale or exchange of stock or other equity interests that would result in a change of control of Seller. In the event

of any approved assignment (including without limitation subcontract), sale or delegation authorized by Buyer, Seller retains all responsibility for Supplies, including all related warranties and claims, unless otherwise expressly agreed in writing by Buyer. (b) With Buyer's prior written consent, Seller may make an assignment of receivables due or to become due to a single financial institution; provided, however, that any such assignment shall be subject to set-off (see Section 29 above) or other proper method of enforcing any claims that Buyer may have under the Order. (c) Buyer will have the right to assign any benefit or duty under an Order to any third party upon notice to Seller with or without Seller's consent.

35. Sales Tax Exemption. The Supplies purchased under the Order are identified as industrial processing and may be exempt from sales taxes. In such case, the tax identification number and/or other exemption information are stated in the Order or as otherwise provided by Buyer.

36. Governing Law; Arbitration; Jurisdiction. The Order is to be construed according to and will be governed by the laws of the State of Michigan and the United States of America. The provisions of the United Nations Convention on Contracts for the International Sale of Goods, and any conflict-of-laws provisions that would require application of another choice of law, are excluded. The arbitration provisions of this Section will be governed by the United States Federal Arbitration Act. At Buyer's option, exercised by written notice any time before or within 30 days following the service of process in a legal action, any dispute regarding the Supplies, the Order, these Terms, the validity of the Order or any of these Terms, or any other matter between the parties (other than requests for equitable or injunctive relief or specific performance) may be resolved by binding arbitration, conducted in the English language, and using a single arbitrator as follows: (a) the arbitration will be conducted under the commercial arbitration rules of the American Arbitration Association (AAA) and under Rules 26 through 37 and 45 of the U.S. Federal Rules of Civil Procedure, in a location agreed by the parties; (b) if the parties cannot agree on a location within 30 days of either party's written request for arbitration, the arbitration will be conducted in metropolitan Detroit, Michigan, USA; and (c) unless the parties agree upon an arbitrator, the arbitrator will be selected from an AAA list using the AAA-recommended selection method but the parties are not required to use AAA to administer the arbitration but they may agree to use a private arbitrator. The arbitrator will issue written findings of fact and conclusions of law. Each party will bear equally the costs and expenses of the arbitrator and any arbitration administration agency in the event they agree to use one, and each party will bear its own costs and expenses – provided, however, (1) that the failure by one party to pay its share of arbitration fees constitutes a waiver of such party's claim or defense in the arbitration, and (2) that the arbitrator may award attorneys' fees and costs in accordance with Section 13 of these Terms. In no event will any party be awarded punitive or exemplary damages or any other damages not measured by the party's actual damages. All arbitration proceedings shall be confidential, except to the extent that disclosure is necessary to enforce an arbitration award in a court of competent jurisdiction. The award of the arbitrator will be enforceable in any court of competent jurisdiction, provided that either party may appeal to the U.S. District Court for the Eastern District of Michigan, for correction of any clear error of fact or law by the arbitrator (provided that the appealing party must first post an appropriate bond and that the prevailing party in any such action will be entitled to its attorneys' fees and costs). In all other cases, including any request for equitable or injunctive relief, the parties agree and consent to the exclusive jurisdiction of the Circuit Court for Wayne County, Michigan or the U.S. District Court for the Eastern District of Michigan, as applicable, provided that Buyer may elect to bring an action against Seller in any court having jurisdiction over Seller. While the action, lawsuit, arbitration, or proceeding is pending, the parties shall continue to perform their obligations under the Order without setoff for any matters being contested. Notwithstanding the foregoing, if Buyer's customer compels Buyer to arbitrate a claim or dispute, Seller likewise consents to any related dispute asserted by Buyer or Buyer's customer being subject to arbitration.

37. Language; Severability; No Implied Waiver. The parties acknowledge that it is their wish that these terms and all documents relating thereto be in the English language only. If any term of the Order is invalid or unenforceable under any statute, regulation, ordinance, executive order or other rule of law, the term will be deemed reformed or deleted, as the case may be, but only to the extent necessary to comply with applicable law. The remaining provisions of the Order will remain in full force and effect. The failure of either party at any time to require performance by the other party of any provision of the Order will not affect the right to require performance at any later time, nor will the waiver of either party of a breach of any provision of the Order constitute a waiver of any later breach of the same or other provision of the Order.

38. Survival. The obligations of Seller to Buyer survive termination of the Order, except as otherwise provided in the Order.

39. Waiver of Jury Trial. SELLER ACKNOWLEDGES THAT THE RIGHT TO TRIAL BY JURY IS A CONSTITUTIONAL ONE, BUT THAT IT MAY BE WAIVED. SELLER, AFTER CONSULTING (OR HAVING THE OPPORTUNITY TO CONSULT) WITH COUNSEL OF ITS CHOICE, KNOWINGLY, VOLUNTARILY, AND INTENTIONALLY WAIVES ANY RIGHT TO TRIAL BY JURY IN ANY ACTION OR OTHER LEGAL PROCEEDING ARISING OUT OF OR RELATING TO ANY ORDER OR OTHER DOCUMENT PERTAINING TO ANY ORDER.

40. Entire Agreement; Modifications; Buyer's Website. (a) Except as described in Section 1, the Order, together with the attachments, exhibits, supplements or other terms of Buyer specifically referenced therein, constitutes the entire agreement between Seller and Buyer with respect to the matters contained in the Order. The Order may only be modified (1) by a written amendment executed by authorized representatives of each party or, (2) for changes within the scope of Section 9, by a purchase order amendment issued by Buyer. (b) Buyer may modify purchase order terms and conditions from time to time by posting revised purchase order terms and conditions to Buyer's internet website (or such other website as may be directed through links available on such website) as specified on the face of the Order ("Buyer's Website") at <http://www.adient.com/terms>, prior to the date when any modified terms and conditions become effective. Such revised purchase order terms and conditions shall apply to all purchase order revisions/amendments, releases, and new Orders issued on or after the effective date thereof. Seller shall be responsible to review Buyer's Website periodically. (c) Buyer's Website may also contain specific additional requirements for certain items covered by this Order, including labeling, packaging, shipping, delivery and quality specifications, procedures, directions and instructions. Any such requirements shall be deemed to form part of the Terms and the Order. Buyer may periodically update such requirements by posting revisions thereto on Buyer's Website. In the event of any inconsistency between the Order and Buyer's Website, the terms of the Order shall prevail, unless the requirements specified on Buyer's Website expressly provide otherwise. Seller's acceptance of any Order or continued performance under any existing Order constitutes acceptance of, and consent to, any such modifications of the purchase order terms and conditions.

41. Claims by Seller and Limitation on Buyer's Liability. (a) Any legal action or arbitration proceeding by Seller under any Order must be commenced no later than one (1) year after the breach or other event giving rise to Seller's claim occurs, regardless of Seller's lack of knowledge of the breach or other event giving rise to such claim. (b) IN NO EVENT SHALL BUYER BE LIABLE TO SELLER FOR ANTICIPATED PROFITS OR FOR SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES. WITHOUT LIMITING THE FOREGOING, THE PARTIES FURTHER AGREE THAT: (i) WITH RESPECT TO A CLAIM ARISING OUT OF OR IN CONNECTION WITH THE TERMINATION OF THIS ORDER, SELLER'S DAMAGES, IF ANY, SHALL BE LIMITED TO THE PAYMENTS SELLER WOULD HAVE BEEN ENTITLED TO RECEIVE IF BUYER HAD PROPERLY TERMINATED THE ORDER IN ACCORDANCE WITH SECTION 21; AND (ii) WITH RESPECT TO ALL OTHER CLAIMS, SELLER'S DAMAGES SHALL BE LIMITED TO THE LESSER OF THE VALUE OF SUPPLIES PURCHASED BY BUYER FROM SELLER IN THE THREE (3) MONTHS IMMEDIATELY PRECEDING THE ALLEGED BREACH OR \$100,000.

42. Battle of the Forms Not Applicable. The parties have agreed, and it is their intent, that the battle of the forms Section 2-207 of the Uniform Commercial Code shall not apply to these Terms or to any invoice or acceptance form of Seller relating to these Terms. It is the parties' intent that these Terms shall exclusively control the relationship of the parties, and in the event of any inconsistency between any invoice or acceptance form sent by Seller to Buyer and these Terms, these Terms shall control.

43. Data Security. For purposes of this Section 43, "Buyer Data" means all data, content, material, confidential information and other information provided by Buyer to Seller or otherwise transmitted to Seller for use in connection with this Order. For purposes of this Section 43, "Cybersecurity Incident" is defined as an occurrence or a condition that: (i) actually jeopardizes or is suspected of jeopardizing the confidentiality, integrity, or availability of Supplier systems or any Buyer Data processed, stored, or transmitted on or by

such systems, including without limitation any unauthorized access to, disclosure or loss of, or inability to account for, any Buyer Data; (ii) actually or is suspected of jeopardizing the confidentiality, integrity or availability of any systems of Buyer that connect to any Supplier systems; or (iii) constitutes a violation or imminent threat of violation of security policies, security procedures, or acceptable use policies. Seller will maintain and enforce information and data privacy and security procedures with respect to its access, use and storage of all Buyer Data that: (i) are at least equal to industry standards taking into consideration the sensitivity of the relevant Buyer Data, and the nature and scope of the Supplies to be provided; (ii) are in accordance with Buyer's reasonable security requirements; (iii) comply with all applicable international, foreign, federal, state and local laws, statutes, rules, orders and regulations; and (iv) provide reasonably appropriate administrative, technical, and physical safeguards to protect against accidental or unlawful destruction, loss, alteration or unauthorized disclosure, access or use of Buyer Data. Without limiting the generality of the foregoing, Seller will take all reasonable measures to secure and defend its location and equipment against anyone who may seek, without authorization, to modify or access Seller systems or the information found therein without consent. Seller will periodically test its systems for potential areas where security could be breached. Seller will report to Buyer, as detailed in Buyer's Supplier Standards Manual found at <http://www.adient.com/suppliers> and by email to co-general.counsel@adient.com, within twenty-four (24) hours any Cybersecurity Incident. Seller will use diligent efforts to remedy such Cybersecurity Incident in a timely manner and deliver to Buyer a root cause assessment and future incident mitigation plan with regard to any such Cybersecurity Incident. The requirements of this Section shall apply regardless of whether Seller hosts the Buyer Data itself or through a third-party hosting or cloud service provider. Seller is solely responsible for the integrity of its email, accounting, invoicing, accounts payable, accounts receivable, and other systems. In the event that any payment to Seller is lost or misdirected as a result of an unauthorized third-party accessing Seller's system, Buyer (and its end customer) shall have no further obligation to Seller for such payment. If Buyer (or its end customer) makes any payment to a third party that is lost or misdirected as a result of an unauthorized third-party accessing Seller's system, Seller shall reimburse Buyer (or its end customer) for the amount of such payment.

44. Equal Employment Opportunity. With respect to Sellers providing Supplies in order to service contracts with the United States Government, as may be applicable, the parties hereby incorporate by reference the requirements of 41 C.F.R. §§ 60-1.4(a), 60-300.5(a), 60-741.5(a) and 29 C.F.R. Part 471, Appendix A to Subpart A, if applicable. This contractor and subcontractor shall abide by the requirements of 41 C.F.R. §§ 60-1.4(a), 60-300.5(a), 60-741.5(a) and 29 C.F.R. Part 471, Appendix A to Subpart A. These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities and prohibit discrimination against all individuals based on their race, color, religion, sex, sexual orientation, gender identity or national origin. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, protected veteran status or disability.
